

Arteche offers low voltage and medium voltage (600V to 72Kv) Dry type instrument transformers, bushing current transformers (BcTs) for indoor and outdoor applications. Entergy only.

The Creative Composites Group delivers innovative, engineered solutions for cross arms as well as transmission, distribution, telecommunication and light poles. Their Fiber Reinforced Polymer (FRP) composite products are light-weight, high strength, corrosion-resistant and long-lasting. Made in the USA. Excludes MS Power.

INNER-TITE Corp. serves the utility industry through the design, manufacture and sale of innovative, premium quality mechanical security devices and makes revenue protection and utility theft prevention duties easier and more effective. Made in the USA. Entergy only.

ITEC offers oil-filled CT's & PT's from 25kV – 230kV, oil-filled Station Service Transformers from 46kV – 161kV, up to 167kVA, Combination CT/PT from 25kV – 230kV, Slip-over bushing current transformers for retrofit and custom applications, Generator CT's up to 50,000 Amps. Made in the USA. Entergy only.

Newell-PSN is a manufacturer of High Voltage Electrical Porcelain, Glass Insulators and High Density Polyethylene products. Their product types include Station Post, Line Post Transmission and Distribution as well as Apparatus porcelains. Their standard product line ranges from 7.5kV to 765kv. Entergy only.

Pelco Structural Transmission, Substation, Distribution tapered tubular steel structure for applications up to 765kV, They pre-fit multi section structure before they ship to ensure accuracy. Offers temporary Emergency Transmission structures for fast installation that fits most application during any emergency needs. Made in the USA.

Polywater specializing in formulated lubricants, sealants, adhesives, and cleaners, Polywater has a proven record of definitively solving field challenges and creating more reliable systems that reduce costs, protect valuable assets, maximize the life of equipment.

Reinhausen manufacturers high-quality products such as on-load tap-changers and de-energized tap-changers, innovative sensors, automation technology and analytics, as well as an increasing number of digital solutions. Made in the USA.

Richards Manufactures CU & AL Connectors-Compression & Mechanical, Braided Rope, Pole Line Hardware, Wildlife Protector, 200AMP Loadbreak Elbows and accessories, 600/900Amp Deadbreak Elbow and accessories, Cold Shrinks, Network Protector and Accessories, Overhead Disconnect Switch and ADSS Fiber Clamps. Made in the USA. Overhead Distribution Hardware Only. Excludes MS Power.

Royal manufactures hookstick & group operated disconnect switches, 7kV through 345kV (600A thru 5000A), along with utility specific designs and substation power connectors including Vee Center Break, Center break, Vertical Break, Double End Break, Side Break, Ground Switch, and a line of substation class power connectors. Entergy Only.

Uticom manufactures a full line of labels, markers, tags, decals, ANSI/OSHA safety graphics, waterproof tags, and custom signage for the utility market as well as custom-made solutions. Their Compliance Monitoring Program services include the development, manufacturing and monitoring of hazard alerting and utility graphics standards, procedures and products. Made in the USA.

WEG offers Power, Auto's, GSU's, Rectifiers, Arc Furnace and 3 Phase Padmount Distribution Transformers. Made in the USA. Excludes Renewables.
