

Arruti designs and manufactures vibration dampers, spacers, transmission and fiberoptic hardware, mechanical, compression and welded connectors for transmission, power substation and distribution systems for application in grounding, distribution, transmission and substations with capacities up to 500KV.

Arteche offers low voltage and medium voltage (600V to 72Kv) Dry type instrument transformers, bushing current transformers (BcTs) for indoor and outdoor applications

The Creative Composites Group delivers innovative, engineered solutions for cross arms as well as transmission, distribution, telecommunication and light poles. Their Fiber Reinforced Polymer (FRP) composite products are lightweight, high strength, corrosion-resistant and long-lasting. Made in the USA. Excludes STEC and AEP.

Defender Plastics manufactures BOLO™ Corner Guard, a first-of-its-kind, all-in-one utility box pad protection system that reduces the amount of time and money spent repairing or replacing damaged pads and partially buried fiberglass utility infrastructure.

The Durham Company and its affiliates offer Residential, Commercial, Instrument Rated and Combination metering enclosures; Transockets, pad-mount equipment enclosures, instrument rated metering enclosures, 600V instrument rated transformers (GEC Durham), test switches, and electrical connectors. Made in the USA

INNER-TITE Corp. serves the utility industry through the design, manufacture and sale of innovative, premium quality mechanical security devices and makes revenue protection and utility theft prevention duties easier and more effective. Made in the USA.

Oil-filled CT's & PT's from 25-230kV, Oil-filled Station Service Transformers from 46kV-161kV, up to 167kVA, Combination CT/PT from 25kV-230kV, Slip-over bushing current transformers for retrofit and custom applications, Generator CT's up to 50,000 Amps. Made in the USA. Excludes El Paso, TX.

King Luminaire manufactures decorative outdoor lighting from park lighting, streetlighting, new home development to utility. King Luminaire can help design and supply outdoor lighting products for most applications metal, aluminum and cast iron poles along with bases, arms and banners. Made in the USA. Excludes TXDOT.

Leotek Electronics is a pioneer in light-emitting diode technology, and offers innovative LED lighting products for applications encompassing traffic, transit, street, and area lighting. Leotek street and area lighting products are assembled in the USA.

Newell-PSN is a manufacturer of High Voltage Electrical Porcelain, Glass Insulators and High Density Polyethylene products. Their product types include Station Post, Line Post Transmission and Distribution as well as Apparatus porcelains. Their standard product line ranges from 7.5kV to 765kv. Excludes AEP and El Paso, TX.

Pelco Structural Transmission, Substation, Distribution tapered tubular steel structure for applications up to 765kV, They pre-fit multi section structure before they ship to ensure accuracy. Offers temporary Emergency Transmission structures for fast installation that fits most application during any emergency needs. Made in the USA.

Premier supplier of transmission, distribution, substation and building wire and cable. Aluminum, Service Drop, , MV Cable, Bare Cu, Control Cable, Guy Wire, Aluminum Clad, Airport Lighting, Portable Cord, Welding Cable, MC Cable, Category Cables, Coaxial Cables, Electronics Cables, Ground Rods and Accessories. Excludes Entergy and KBS.

Reinhausen manufacturers high-quality products such as on-load tap-changers and de-energized tap-changers, innovative sensors, automation technology and analytics, as well as an increasing number of digital solutions. Made in the USA. Excludes CPS.

CU & AL Connectors-Compression & Mechanical/Braided Rope/Pole Line Hardware/Wildlife Protector/200AMP Load-break Elbows and accessories/600/900Amp Deadbreak Elbow and accessories/Cold Shrinks/Network Protector and Accessories/Overhead Disconnect Switch & ADSS Fiber Clamps. Made in the USA. OHDH only. Includes all products for OnCor Electric Delivery Only. Excludes AEP.

Royal manufactures hookstick & group operated disconnect switches, 7kV through 345kV (600A thru 5000A), along with utility specific designs and substation power connectors including Vee Center Break, Center break, Vertical Break, Double End Break, Side Break, Ground Switch, and a line of substation class power connectors. Excludes AEP and El Paso, TX .

SPS Manufactures Low voltage switchgear & switchboards, medium voltage metal-enclosed and metal-clad switchgear, low and medium voltage arc-resistant switchgear, metal-enclosed power capacitor banks and harmonic filter banks, PME enclosures, relay panels, skids, and e-house buildings. Turn Key drop in control houses. WBENC and made in the USA.

StressCrete makes High Quality Spun Concrete Poles, power distribution and transmission poles as well as a line of specialty poles that are suited for camera and solar applications. Made in the USA.

Uticom manufactures a full line of labels, markers, tags, decals, ANSI/OSHA safety graphics, waterproof tags, and custom signage for the utility market as well as custom-made solutions. Their Compliance Monitoring Program services include the development, manufacturing and monitoring of hazard alerting and utility graphics standards, procedures and products. Made in the USA.

WEG offers Power, Auto's, GSU's, Rectifiers, Arc Furnace and 3 Phase Padmount Distribution Transformers. Made in the USA. Excludes Renewables.
