Arruti designs and manufactures vibration dampers, spacers, transmission and fiberoptic hardware, mechanical, compression and welded connectors for transmission, power substation and distribution systems for application in grounding, distribution, transmission and substations with capacities up to 500KV. Entergy Only.

Reinhausen manufactures high-quality products such as on-load tap-changers and de-energized tap-changers, innovative sensors, automation technology and analytics, as well as an increasing number of digital solutions. Made in the USA.

Transmission & Distribution Services, LLC is a cost-effective leak seal solution to re-gasketing equipment for oil, nitrogen and SF6 leaks. Leak repairs on Transformers, Circuit Breakers, and Cable. Oil and gas leak detection and control programs.

Premier supplier of transmission, distribution, substation and building wire and cable. Aluminum SER, SEU, XHHW, 600 Volt UD, Service Drop, ACSR, AAC, AAAC, ACSS, MV Cable, Bare Cu, Control cable, Guy Wire, Aluminum Clad, Airport Lighting, Portable Cord, Type W, G, G-GC, SHD-GC, DLO, Welding Cable, MC Cable, Category Cables (3, 5E, 6), Coaxial Cables, Electronics Cables, Ground Rods and Accessories. Excludes Entergy and KBS.

**SubProTech**

SubProTech provides reliable cutting-edge technology for substations including Wildlife Threat Detection, Thermal Monitoring, Automated Mitigation, Threat Radar Surveillance, Equipment Hot-Spot Trouble Shooting, Wildlife Species Specific Deterrent and is SCADA and NDAA Compliant. Made in the USA.

TSEA Energia manufactures Single-Phase Voltage Regulators, with a nominal current of up to 1200A and nominal voltage of up to 36.2kV, and are compatible with controls from other brands like SEL, Eaton/Cooper, Beckwith, etc.
